Looking for a meaningful activity to do with your students at the beginning of the year? Try Textear y Conducir! This FREE interactive activity is educational and meaningful and is perfect for Advanced Level Spanish Classes! http://www.sparkenthusiasm.com/textear_y_conducir.html

Summer is here and we start to work on movie packets! We think that movies are a great way to encourage vocabulary growth, expand listening abilities, and learn a ton about culture! They are also an important part of our culture hours' program that we do after school and on weekends with our students (FYI – culture hours' materials coming in our next newsletter). First up, *Río, Río* is an excellent movie to teach about animals, the environment, wildlife trafficking, and Brazil (you know, that big country in South America that we as Spanish teachers – and we are speaking from personal experience – never teach even though it is an important part of South America). Check out *Río* this summer for your classes! It is appropriate for all ages and so much fun!
