

# Feliz Día De San Valentín

Sparkenthusiasm Newsletter February 2014 Edition

We hope February is a great month for teaching and learning in your classes! Here are some ideas we hope you will find useful!

Each year for **Valentine's Day**, our level 2 students decorate Valentine envelopes that we display in our classrooms. Then, the students receive a list of all of their classmates along with some fun Valentine expressions such as, <<Bésame. Yo hablo español.>>, <<Tú eres muy especial.>>, <<Tu amistad es la lluvia de flores preciosas>>, etc. Next, the students write 5 Valentine cards per week for their classmates and one for their teacher. On February 14<sup>th</sup>, the students receive their envelopes filled with the Valentine cards that their classmates made for them. For illustrated examples of Valentines, for cute videos that show the importance of love, and for additional teaching materials, bulletin boards, vocabulary activities, Valentine writing activities, Power Points, or other ideas, please visit this link: [http://www.sparkenthusiasm.com/Valentines\\_day\\_resources.html](http://www.sparkenthusiasm.com/Valentines_day_resources.html)
